

# ROBOZERO

# REMOTE CONTROL ZERO-TURN MOWER

- » Removes operator from the danger zone
- » 150m remote control range
- » Tackles slopes up to 35 degrees
- » Fast working speeds up to 5 km/h
- » Fuel efficient diesel engine

# ROBOZERO

Created for fine-turf applications, ROBOZERO delivers an exceptional finish and is ideal for environments such as urban green areas, parks, and golf courses. ROBOZERO's remote control capabilities enable operators to work safely in hazardous or restricted-access zones such as airports, military sites, and roundabouts.

### ALL-TERRAIN MANOEUVRABILITY

ROBOZERO excels in confined environments where its zero-turn capabilities eliminate the need for repositioning and keep it in constant motion. Its low centre of gravity and wide wheels enhance stability and enable operators to tackle slopes up to 35 degrees.

### FUEL-EFFICIENT PERFORMANCE

ROBOZERO's lean-burn 33hp Yamar diesel engine delivers a winning combination of power and fuel economy and can work at speeds of up to 5km/h.

### CHOICE OF CUTTING HEADS

A triple-rotor, rear-discharge rotary deck delivers an attractive finish that is ideal for fine-turf environments while customers seeking a heavy-duty flailhead can opt for a 1.3m model equipped with back to back grass-cutting flails.

### REMOTE CONTROL

ROBOZERO features an easy-to-master control system with precise proportional controls and a working range of up to 150m.

#### Specification:

- » Max gradient: 35 degrees
- » Transmission: Hydrostatic
- » Speed: 5 km/h

#### Engine:

- » Make: Yamar
- » Type: Diesel 3/cyl
- » Power: 33hp

#### Rotary Head:

- » Cutting width: 1.5m
- » Cutting height: 20mm-150mm
- » Configuration: Rear discharge

#### Flailhead:

- » Cutting width: 1.3m
- » Cutting height: 20mm-150mm

#### Remote Control:

- » Working range: 150m
- » Proportional joystick: Std
- » Battery: Rechargeable
